

Homes for Every Lifestyle

Builder of fine homes - working with you, for you

Danny Ahern
Mob 0407 826 951

Danny has a wealth of knowledge along with a strong commitment to providing the best building experience for all his clients to ensure that each and every person is completely satisfied and proud of their new home. This is just some of the reasons that it is hard to look past 'Homes for Every Lifestyle' of which Danny is the Principal.

Established back in 2000 to service various fields within the home building sector, the business these days is focused on custom building whether it be a \$200k job or \$600k one, the same team works together to get the best results for those that choose to have Danny and his team 'work with and for them'.

Danny's wealth of experience started as a tradesperson 'doing his time' with a small building company. He gained his Unrestricted Building License at aged 23 having ended up 'the best finishing student' at the courses he had undertaken to support his entry into the world of building. The youngest at the time to secure such a license.

A strong believer in 'you get out of life what you put in' Danny has over the years sat on many industry committees including Chair of HIA Builders Committee for 4 years, T.A.F.E. course structuring committees, H.I.A. training committee, Building Work Advisory committee and assessor for the District Court Proceedings under the Building Work Act 1995. Furthermore, he is a qualified Building Inspector under the Local Government Act.

In 1999 having served in many roles on the State Council of H.I.A. Danny was elected the President of H.I.A. Danny has been described as a 'Builder's Builder' due to his passion and attention to detail and pride in his work. He could see that there was a gap in the new homes market and along with Danny's keenness to get back to his roots there was a golden opportunity to service the discerning client looking at quality, honesty and trust.

Danny is committed to remaining small so that he can have complete control of every project on the go. All this is to guarantee every client gets properly looked after and they all have their project given the adequate attention to detail that is needed to achieve the goals that we all set out to hit on each and every project.

Only new homes will be built, sorry no extensions.

Proud new owners, handover day

Homes for Every Lifestyle - ABN: 68 109 009 28 - P.O. Box 256, Campbelltown, S.A. 5074

2016 MBA Building Excellence Award Winner
Category: Custom Built \$300k to \$500k

Danny takes great pride in every home, and is personally involved in every aspect of the business. His passion for creating wonderful homes and ensuring that building your own home is a unique personal experience. He is the one you deal with for all the aspects of your project.

The journey starts from the moment we talk. Danny understands, most of all, that everyone is unique so whatever your individual needs are we can create a solution for you.

"Well I'd love to work with you designing first, the home that best fits all your needs, then to be the one to build it would give me immense pleasure".

"Whew we are glad you have said that as we really want someone with your knowledge, passion and honesty to work with us on this most exciting journeybuilding our home".
Paul and Robbyn

Steel or timber frame, we do both!

Classic or modern. Even multiple homes.
